TESTIMONIALS

I liked the area, downsizing from upscale high quality home with acreage. Being used to quality, I was looking for the same. Wooddale provides very high quality and great attention to detail. The entire team was helpful in the build process and I am very satisfied with the finished product.

Bob & Kay

We had never built a house before and we knew it was going to require someone who was patient and knowledgeable about helping us through the process. Steve and the entire team at Wooddale went above and beyond our expectations. You couldn't find a better company or group of people to select for the job of building your dream home!

Sam & Tiffany

Wooddale builders is serious in delivering quality workmanship in an utmost meticulous, professional manner. Their documentation is transparent so there are no surprises. Of the five new homes I have had built in my lifetime, this is the best.

Dr. John & Helen

We have recently moved into our Wooddale built home and are absolutely delighted with the end result! Our family is enjoying all the beautiful features of this dream home.

I never imagined that I would have built a new home. I didn't think I could successfully navigate my way through the dizzying array of decisions and selections that are involved in building a house. Not to mention, the fear of going over budget. Wooddale assured me they would walk us through the process one step at a time. We did a lot of research on Wooddale Builders, and based on the overwhelming positive references, decided to move forward.

It's clear that Wooddale has figured out the formula for building beautiful homes - build a collegial, winning team of employees and partner with your sub-contractors like they are an extension of your employee base.

Every sub-contractor that worked on our house had partnered with Wooddale for decades. That says a lot about Wooddale's commitment to creating mutually beneficial partnerships – a direct benefit to Wooddale clients. I felt like everyone at Wooddale approached this project like they were building their OWN home!

Thank you to the whole Wooddale Builders team. We are so grateful for your attitude, energy and commitment to building beautiful homes.
